# TRUELITE® Range

Increase the brightness of your torch by decreasing its size?!

NEW high performance LED beam with energy saving power mode. The TrueLite® range boasts a powerful LED beam projecting a pure white light, highly refined reflector and intelligent energy source management to balance brightness with extended battery life. Designed for professional and consumer use, you'll be relying on this flashlight for years to come.

## TRUELITE® MAXI 3Watt

BRIGHTNESS	120 LUMENS +
MAX OUTPUT	3W (3.4V)
INPUT	750 MA Silicon Chip
RUNTIME	100% = 6hrs 30% = 18hrs
BATTERIES	3 x AAA
SIZE	L:10.6CM Ø:3.6CM

## TRUELITE® MIDI 1Watt

BRIGHTNESS	70 LUMENS +

BATTERIES	4 x AG13 Lithium Batteries
SIZE	L:5.2CM Ø:1.9CM

Flashlights //TU100/TU101/TU302

## TRUELITE® Range Technical Features

It's hard to believe that making something smaller enables it to be stronger and brighter but that's exactly how the TrueLite® range works. An innovative lens has been developed to sit directly on top of the LED light source. The standard reflector has been removed which would usually add considerable length to any torch. This has enabled us to create a shorter brighter flashlight.

*Lifetime guaranteed LED bulb*

### LED Circuit Unit

Latest LED technology combined with PCB chip to increase brightness and enable dual output

### Anti-Slip Main Body

Machine milled grooves for anti-slip grip and better control

### Durable Belt Clip

Sprung Steel

### Battery Cartridge

Easily interchangeable batteries

### Tactical On/Off Button

Dual output rubber push button. Use at full power or at 30% energy saving mode.

### Flashlight Tail

Stands on tail for hands free light.

### Shockproof Tube

Extra thick Aircraft Grade Aluminium

### Water Resistant

Corrosion-resistant and water resistant Neoprene 'O' rings throughout

### Reflector Lens

Magnifies the beam and concentrates the light. Dramatically reduces the length of the flashlight and increases performance.

### Lamp Head

Threaded with integral Neoprene 'O' ring

### Reflector Lens

Reflectors focus the LED light over increased distance

### LED Circuits

Chip cooling management

Flashlights //TU303

## TrueLite® Micro 0.5W Ultra Bright Key-Ring Flashlight

**TRUE UTILITY**  
...IN YOUR POCKET

This super stylish ultra bright aircraft grade anodised aluminium, water resistant flashlight is as small as we could possibly make it, yet boasts a whopping 0.5 watt output from just 4 x button cell batteries (included).

By developing a special lens that sits directly on top of the light source, we have negated the need for a standard reflector enabling us to substantially decrease the length of the flashlight whilst maintaining its incredible brightness.

It clips directly to your key-ring via the included spinner. The ergonomically designed non slip body incorporates water resistant rubberised 'O' rings to protect all joints. Simply twist on/off to use whenever you need it.

*As small as your door key*
